EXPERIENCE

Justice Bot, *Remote(Kampala-Uganda)*

Front End Developer, August, 2022 – November, 2022

- Web application and development. I have contributed to the ongoing project of the organization, such as the front-end of the e-commerce app.
- Mobile developer: converting the web application of onDuka app to mobile apps by using React Native this is an on-going project.

EDUCATION

Andela (Andela Technical Leaders Program), December, 2021– July, 2022

Remote Full Stack Web Development Program, Full Time

- Spent 1300+ hours mastering algorithms, data structures, and full-stack development while simultaneously developing projects with NodeJs, JavaScript, React, React Native and Redux.
- Developed skills in remote pair-programming using GitHub, industry-standard gitflow, and daily standups to communicate and collaborate with remote developers.

Link of the team project I contributed on:
